Caratteristiche: In Sophia convivono due linguaggi: da un lato la morbidezza, il comfort, ottenuti attraverso un imbottito che privilegia l'abbondanza delle forme definite da linee decise ma fluide. Dall'altro il rigore della struttura con i suoi spigoli vivi e le sue curve tese, che mette in risalto tutta la matericità del metallo massiccio finemente lavorato.

Features: Two languages coexist in Sophia: on the one hand, softness and comfort, obtained through upholstery that favors the abundance of shapes defined by firm lines but yet fluid. On the other hand, the straight structure with its sharp edges and aimed curves, which highlights the metal solid textured finely crafted.
