

Bowl Table Waste Edition

Coffee shell or wood waste mixed
with post-consumer e-waste

The Bowl waste edition is made of Matek®. Innovative technology allows us to recycle fibre-based waste materials with recycled plastic waste. Bowl Table Waste Edition is designed for disassembly, meaning that the design allows each component in its purest form to recycle into new production circles. The table is available in three versions and is suitable for both private and public use.

Wood Waste Grey

Coffee Waste Black

Coffee Waste Light

Designed by
Ayush Kasliwal

Item no.
11601 Bowl Table Medium
– Coffee Waste Black
11602 Bowl Table Medium
– Coffee Waste Light
11603 Bowl Table Medium
– Wood Waste Grey

Country of origin
Latvia

Mater Sustainability Factsheet

Matek™

Matek®

In alliance with large corporations, Mater explores new technology that recycles industrial fibre and plastic waste. This results in five new unique patented materials under the name Matek®.

Read more about Matek [here](#)

Steel

Our Steel is composed of 20% recycled steel. Steel is a strong and light material with the quality that it can be processed in unlimited ways.

CO₂ Footprint

At Mater, we believe in the importance of transparency. By doing Life Cycle Assessments (LCA) on our furniture, we can analyse the total climate emission for each of our product's lifespan.

Mater Take-Back

We unhesitatingly offer to take all our furniture made from Matek® back at the end of its life to recycle it into new furniture.

Repair for long lasting

Good products, are made to be used. To give the products the longest possible life, we want to make it easy for you to repair them yourself.

Contact our customer service for more info [here](#)

Green energy

This product is produced in a production facility that is 100% powered by hydropower – a renewable energy resource.
